08 -12 April 2024

Riga Medical College of the University of Latvia

LATVIJAS UNIVERSITĀTES  
RĪGAS MEDICĪNAS KOLEDŽA

Military medicine provides specialized training for healthcare professionals to deal with injuries, illnesses, and medical emergencies specific to the military context. Military medicine provides operational health support, including medical logistics, field hospitals, and evacuation procedures. This BIP will provide students with theoretical knowledge, practical lessons in a simulation laboratory and landfill training centre.

### **APPLICATION PROCESS:**

To apply, send the following details to the contact person at your university:

- |                                      |  |
